2. ELIGIBILITY

Who May Apply--Any resident or nonresident is eligible for each of the following seasons (deer bow, deer gun, muzzleloader). Additionally, residents ages 12 and 13 are eligible for a statewide antlerless white-tailed deer license and may only hunt during the youth deer season (this includes those who are age 11 providing they will be age 12 before the opening day of the youth deer season). Residents ages 14 and 15 are eligible to apply for a once-in-a-life-time any-deer license in-lieu of a regular deer gun license (this includes youth who are age 13 providing they will be age 14 before the opening day of the regular gun season).

Licenses for Military Personnel--North Dakota residents who are on active duty with the National Guard or Reserve and who are stationed outside of the state during the 2010 deer gun lottery process, and who miss the initial lottery, are eligible to purchase one deer gun license for a white-tailed deer of their choice in a unit of their choice. North Dakota residents who were on active duty with the National Guard or Reserve and stationed outside of the state during the 2009 deer gun season and were unable to participate in the season are also eligible to purchase one white-tailed deer gun license of their choice in a unit of their choice.

Youth Deer Season (Residents Only)--Residents ages 12 and 13 are eligible for a statewide antlerless white-tailed deer license (this includes those who are age 11 providing they will be age 12 before the opening day of the youth deer season). Individuals age 14 and 15 who have either not previously applied for a deer gun license or who have applied but have never received a deer gun license are eligible to receive one deer license valid for the youth deer season, this includes youth who are age 13 providing they will be age 14 before the opening day of the regular gun season. If a 14 or 15 year old is unsuccessful in harvesting a deer during the youth deer season, the license also will be valid during the regular deer gun season. Twelve and 13 year olds may only hunt in the youth deer season. Anyone applying for these licenses is not eligible to apply for a license for the regular deer gun season; however, these individuals may apply for antlerless licenses for additional concurrent seasons if, after the initial lottery, licenses remain unissued and the Director proclaims additional concurrent seasons. Concurrent season license holders who hunt during the youth deer season must adhere to the unit and deer-type restrictions on their license.

In addition, each youth must be accompanied by at least one unarmed parent, guardian, or adult authorized by their parent or guardian during the September youth deer season. No youth deer licensee hunting in the field during the youth deer season may be accompanied by a nonlicensee carrying a firearm or a bow and arrow. A nonlicensee is a person not having a youth deer license.

Quadriplegics who apply for and receive a regular deer season license through the lottery will be eligible to hunt during the youth deer season. Quadriplegics who hunt during the youth deer season must adhere to the unit and deer-type restrictions on their license.

3. LICENSES

Deer bow, deer gun, youth deer and muzzleloader licenses are issued in the form of stamps. These stamps must be affixed to the back of the fishing, hunting, and furbearer certificate and signed in ink. If space is not available on the certificate the hunter must be in possession of the signed stamp. It is illegal to purchase more than one deer bow license per season. Licenses are not transferable. No person may give, barter, or sell an issued license to another person.

Deer bow--All resident licenses are issued by county auditors, license vendors, the Department, or by calling 1-800-406-6409.

Nonresident Deer Bow--General nonresident bow licenses for white-tailed deer are issued by county auditors, license vendors, the Department, or by calling 1-800-406-6409. One thousand three hundred five (1,305) nonresident any-deer licenses (which includes mule deer) are issued on a first come-first served basis only from the Department's Bismarck office.

Deer Gun--Licenses are issued by a weighted lottery drawing among eligible applicants as prescribed by the Director. Persons must submit applications to the Department's Bismarck office by June 2, 2010. Because of sometimes delayed postmarking procedures, applications postmarked June 2 or 3 and earlier will be accepted. After the lottery drawing, unsuccessful applicants may apply for any remaining licenses which will be issued by lottery. If deer gun licenses still remain after the unsuccessful lottery applicants have had first chance at them, the Department may issue these on a lottery or first come-first served basis to any eligible person including those not previously issued a 2010 deer gun license.

Muzzleloader--Licenses are issued by a weighted lottery drawing among eligible applicants. Persons must submit applications to the Department's Bismarck office by June 2, 2010. Due to occasional delayed postmarking procedures, applications postmarked June 2 or 3 and earlier will be accepted.

Fees--The appropriate fee must accompany all Deer Gun, Youth Deer, and or Muzzleloader applications. Residents and nonresidents may use personal checks, certified checks, or money orders. If an insufficient funds check is issued and the collection agency cannot collect, the applicant shall be ineligible for a 2010 and 2011 deer gun or muzzleloader license.

Gratis and Nonresident Landowner Preferential Licenses--Gratis and nonresident preferential licenses are issued only through the Department's Bismarck office and a predetermined number of gratis licenses will be subtracted from the maximum number of deer gun licenses available for each unit.

Licenses for Terminally Ill Children--One organization will be provided up to eight deer licenses to hunt the species indicated on the license in the manner, places, and times prescribed in this proclamation. The organization shall make one license available to each qualified child to hunt the species of big game indicated on the license as provided in the this proclamation. A qualified child receiving a license under this section must comply with hunter education requirements and, if under the age of eighteen, must be accompanied by an adult twenty-one years of age or older. "Organization" means a nonprofit organization qualified under Internal Revenue Code section 501(c)(3) with the principal purpose of granting hunting and fishing adventures for children who have been diagnosed with a terminal illness by a licensed physician and "qualified child" means a terminally ill individual who is of legal age to hunt the species for which the license is valid but under twenty-one years of age, is a resident, and is sponsored by an organization that provides to the department supporting documentation demonstrating compliance as described in this section.

Deer Bow Season--A bow must be pulled, held, and released by hand. Any release aid may be used providing it is hand operated, the shooter supports the draw weight of the bow, and the release is not attached to any part of the bow other than at the bowstring. No firearms, except handguns, may be in the hunter's possession while hunting with a deer bow license. However, handguns may not be used in any manner to assist in the harvest of a deer on an archery license. IN UNITS 4B, 4C, 4D, & 4E

White-tailed deer license holders for units 4B and 4C must hunt in their assigned unit for the first 2½ days (November 5-7). For the remainder of the Deer Gun season, they may hunt either or both units.

White-tailed deer license holders for units 4D and 4E must hunt in their assigned unit for the first 2½ days (November 5-7). For the remainder of the Deer Gun season, they may hunt either or both units.

14. ADDITIONAL CONCURRENT SEASONS

Additional seasons may be proclaimed for antlerless deer only and will run concurrently with the Deer Gun, Muzzleloader, and Deer Bow seasons, if the Game and Fish Director determines after the regular lottery that an adequate number of licenses remain unissued. Only firearms and archery equipment legal during the appropriate season time frame may be used. Only those who are eligible to hunt during the youth deer season may also use a concurrent season license during the youth deer season. Persons under the age of 14 may purchase only first-come, first-served licenses via paper application and must write "bow only" on the application. Only legal archery equipment can be used by persons under 14 years of age.

Legal firearms and archery equipment as defined in Section 4 must be used during the additional concurrent seasons.

15. MULE DEER FOUNDATION

The 2010 Deer Hunting Proclamation provides the Mule Deer Foundation with one mule deer license, valid for the 2010 hunting season. The license is to be raffled or auctioned as per legislation passed during the 2003 legislative session. The raffle or auction proceeds are to be used for mule deer conservation in the state of North Dakota.
